Attention: Senior Class Counselors

We have posted the scholarship application and a bulletin board flyer for scholarships being offered to graduating seniors by the Italian Catholic Federation on our site.

With your kind permission, we ask that the flyer be posted and the applications be made available to interested seniors at your high school. Should additional applications be needed, you may make copies of the application. We also invite interested students to go to our Website [www.icf.org](http://www.icf.org) and download the application and/or flyer. However, please do not hesitate to contact the Italian Catholic Federation Office, at the address or phone number listed, for questions, additional applications or to contact the Scholarship Committee.

It is our belief that through your dedication to the education of our young people, and our interest in providing financial assistance to graduating seniors entering college, together we help our youth meet the challenges of tomorrow.

Sincerely,

Nina Malone
