

LIST OF DISTRICTS AND CORRESPONDING BLOOD BANKS

Prepared by the ICF Live to Give Committee

This guide is your how-to in finding a blood center/bank that will assist your ICF branch in planning a blood drive. The information below is categorized by States and Districts. Within districts only cities with different blood center information from their counterparts will be listed.

While most blood centers/banks collect blood and also plan blood drives, there could be some below that solely collect blood donations – however they will be able to direct you to a blood collections team for your drive. Information changes frequently; if you have questions or updates, please contact Kenneth Marshall at irishken.marshall@gmail.com, or, Laurice Levine at LLevine430@aol.com.

California
